If you are teaching publicly, part of the risk management is to have insurance. The information presented below is for the interest of members. The following information is provided by WTPA to assist you to make your own decision that the particular insurance meets your requirements. WTPA's information is not to be construed as advice. Remember - your insurance is a matter between yourself and the insurer; WTPA is not a party to the actual contract.

Tai Chi as a "Complementary and Alternative Medicine".

WTPA members who teach Tai Chi as a health-promotion activity may propose to be insured through OAMPS Insurance Brokers Limited under their "Complementary and Alternative Medicine Scheme", i.e. for "non-contact" Tai Chi.

WTPA is accredited with OAMPS as an approved Association to allow members to be covered for non-contact Tai Chi and Qigong. You are not required to provide details of qualifications – membership of WTPA as an instructor is sufficient.

This means that a member taking out cover under this agreement must retain current membership of WTPA for insurance cover to remain valid.

IMPORTANT NOTICES

DUTY OF DISCLOSURE

Before entering into a contract of general insurance, you have a duty, under the Insurance Contracts Act 1984 (Cth), to disclose to the Insurer every matter that you know or could reasonably be expected to know, that is relevant to the Insurer's decision about insuring you and if so, on what terms.

Your duty does not require disclosures of matters:

- That diminish the risk;
- That are of common knowledge;
- That the Insurer knows, or in the ordinary course of its business as an insurer, ought to know;
- As to which compliance with your duty of disclosure is waived by the Insurer.

You have the same duty to disclose those matters to the Insurer before you renew, extend, vary or reinstate a contract of general insurance.

NON-DISCLOSURE

If you fail to comply with your duty of disclosure, the Insurer may be entitled to reduce its liability under the policy in respect of a claim or may cancel the policy. If your no-disclosure is fraudulent the Insurer may avoid the policy from its inception. This is why it is vital that enquiry must be made of all relevant principals, directors, employees, contractors, and subsidiaries before this Proposal is signed by or on behalf of the prospective Insured.

UTMOST GOOD FAITH

Every insurance contract is subject to the doctrine of utmost good faith, which requires that parties to the contract should act toward each other with the utmost food faith. Failure to do so on your part may prejudice any claim of the continuation of cover provided to the insurer.

CHANGE OF CIRCUMSTANCE

It is vital that you advise us of any departure from your "normal" form of business (i.e. the business details that have been advised to your Insurer). For example, any change to business activities, ownership, acquisitions, changes in location, or new overseas activities.

SUBROGATION

You may prejudice your rights with regard to a claims if, without prior agreement from the Insurer, you make an agreement with a third party that will prevent the Insurer from recovering the loss from that party of another party.

UNDERINSURANCE

Your property is insured for reinstatement and replacement costs and as such the insured amounts should represent the full replacement value at new costs. If this is not done any claim you make for these costs may not be paid in full.

IMPORTANT: Any decision to offer insurance cover is based on the information you provide us in this proposal form.

Frequently Asked Questions

What is “Combined Liability”?

In the insurance world there are several common kinds of “liability” insurance - meaning insurance that covers the costs involved where a person or business is found by law not to have met their legal responsibilities.

This policy combines three types of liability insurance - professional indemnity (also known as malpractice), products liability and general public liability - and tailors them to meet the needs of practitioners involved in the alternative/complementary medicine and natural therapies profession. OAMPS extensive experience in this field has led us to develop this specialised combined policy.

What does the policy cover?

The policy covers your legal responsibility to pay damages and legal expenses arising from personal injury to a third party, or damage to their property, arising from your business or occupation as listed on your policy. This includes:

- liability arising from breaches of your professional duties including advice, treatment, diagnosis, prescribing and dispensing;
- liabilities arising from goods manufactured, sold or supplied;
- liabilities arising from actions of your employees whilst carrying out their duties;
- unintentional libel or slander being a breach of professional duties; and
- your liabilities as a tenant of rented premises.

There are three distinct sections of the combined policy that cover different ‘risks’ associated with your practice:

1. Professional Indemnity covers your legal liability to pay compensation for personal injury to third parties or damage to their property, and financial loss arising out of any act, error or omission:
 - in the provision of professional advice;
 - in the provision of professional treatment; and
 - in the provision of any other professional service which may be rendered in the course of the business and for which you are properly qualified.

This type of cover may also be known as Professional Indemnity, Errors and Omissions, or Malpractice.

2. Products Liability covers your legal liability to pay compensation for personal injury to third parties or damage to their property, and financial loss arising out of any “product” once they have passed out of the control of the practitioner. A very important aspect of this section for practitioners is that it is not restricted to simply covering goods sold or supplied. It also provides coverage for liability arising out of products manufactured, grown, extracted, produced, processed, assembled, constructed, erected, installed, repaired, serviced, treated, sold, supplied, resupplied or distributed.
3. General Public Liability covers your general legal liability attaching as a result of carrying on the business. Examples of the type of liability include matters such as:
 - defective furniture, such as a table or chair collapsing and causing injury;
 - a threadbare carpet causing someone to slip on the stairs; or
 - fire damage to leased premises for which the Practitioner may be responsible under the Lease or at Common Law.

Who is covered under the policy?

In the policy wording you will see many references to “The Insured”. The definition of “The Insured” includes:

- you;
- your employees including administrative staff, practitioners practicing modalities approved under the scheme, students and apprentices;
- students whilst undertaking practical work as part of their course studies; and
- up to four business partners, who can be included on your policy for an additional cost.

Contractors (as distinct from employees) are not eligible and need to make their own insurance arrangements.

What are the “Limits of Liability”?

There are several optional Limits of Liability (i.e. the amount up to which the Insurer will cover the costs) available for you to choose from as detailed in the following table. “Modalities” refers to the different types of alternative medicine employed by the practitioner/s or business. Some carry greater risks and therefore have higher premium costs.

Different Limits apply to the different sections of the policy:

- The Limit applicable to Public Liability applies in full to each and every claim you may have during the year, irrespective of the number of claims.
- The Limit applicable to Products Liability including Professional Indemnity also applies to each claim, but is restricted to the Limit of Liability in total for all claims during any one policy year. However, Insurers have agreed to provide one Automatic Reinstatement of the Policy Limit during any one year at no additional cost.

Legal expenses, subject to the Insurers approval, incurred in defence of a claim against you are paid in addition to the Limit of Liability.

What alternative medicine methods are covered?

The combined policy caters for over 200 different modalities, for example:

Counselling, psychology, Reiki, NLP, life coaching, group work and hypnotherapy.

Optional limits of liability		Premiums including all charges
Public Liability	Products Liability	\$
\$10,000,000	\$1,000,000	\$210.00
\$10,000,000	\$2,000,000	\$237.00
\$10,000,000	\$5,000,000	\$277.00
\$10,000,000	\$10,000,000	\$326.00
\$20,000,000	\$5,000,000	\$317.00
\$20,000,000	\$10,000,000	\$366.00

NOTE- please do not send any money as these are indicative premiums only and will vary depending on the state you are located in

All the modalities you practice which are accredited by your Association, other than Spinal Manipulation, will be covered under your policy and itemised on your Policy Schedule. Additional modalities can be included on verification of qualifications and their acceptance by the Insurer.

What’s the difference between “Occurrence-based” cover and “Claims Made” cover?

The combined policy is the “occurrence” based type. This means that you are covered for any incidents that occurred while the policy was in force, even if the claim is not made until some years after the event.

Most of the alternative policies available are written on a “Claims Made” basis. This means they will only cover you for claims actually made during the currency of the policy. Therefore if you cease practicing you still need cover to allow for claims which might not be lodged until some years later. “Run Off” cover is available under some of the alternative policies, however, it is not automatic in many cases, and sometimes additional premiums are charged. As the combined policy is “Occurrence” based you don’t need to worry about your policy coverage if you leave the business.

I want to be covered for the time before I had this policy. Is this possible?

You have the option of extending your policy to include Retrospective Cover. A Retrospective Extension is available to provide cover for liabilities arising from events that occurred prior to the commencement of this policy, and during the term you were previously insured. This is subject to you not being aware of any circumstances which may give rise to a claim when you take out this policy.

What is “Legal Power?”

Under the main Sections of the Policy, you are covered for legal costs in defence of a claim against you. However, if you need legal assistance to defend or prosecute an action necessary to maintain your Right to Practice, Trade Practices Act dispute, Employment Contract disputes, you have the option of extending your policy to include additional legal expenses. If you take this option the Insurer will pay up to \$25,000 for legal expenses payable by you. The Insurer maintains the right to approve and direct the case. The Excess applicable to this Extension is \$500.

Frequently Asked Questions

We don't just practice, we also teach. Are we covered for teaching?

This policy has been primarily developed to cover individual qualified practitioners. If teaching is a greater part of your business, and you are teaching students to become qualified practitioners, then an assessment may be required to evaluate your qualifications, course accreditation with Associations, etc. You may need to pay an additional premium to be covered for teaching. The additional premiums for teaching are:

- Less than 10% of your normal working hours: No additional charge
- 11% to 30% of your normal working hours: Add 15% of Premium
- 31% to 50% of your normal working hours: Plus 25% of Premium
- Over 50% of your normal working hours: Referral required

My business is a school or college teaching alternative therapies. Is this the right policy for me?

If you have a college or school, (teaching students to become qualified practitioners), a separate policy is available that covers the college, staff and students of the college, on and off campus for practical work authorised by the college. A special "Student Policy" is then available to your students if they want to do additional practical work, providing they are suitably qualified.

We create our own products for our clients. Are these covered?

Cover is automatically included for products manufactured, supplied or sold by you, in the course of your business.

Will this policy cover me if I practice while I am travelling?

The cover is Australia wide with provision for worldwide cover in certain circumstances (eg. overseas conferences, seminars and workshops). Requests for worldwide cover should be referred to us if you will be travelling outside of Australia for a period longer than 90 days, in order to obtain the Insurer's agreement.

I have decided to leave the profession. Do I still need insurance when I cease to practice?

The policy is "Occurrence Based" and generally speaking, no run-off cover is required. The policy covers claims made after the expiration of the policy, providing the event which gave rise to the claim, occurred during the period the policy was in force.

How much do I have to pay when I make a claim?

There will be NO EXCESS, other than for claims in respect of Property in the Care, Custody or Control of the member (eg. Damage to lease premises)
